Landing Strip® by Comfortex	<ul style="list-style-type: none"> • Only 1 inch thick with tapered to-the-floor edging Prevents tripping and permits carts, chairs and IV stands to roll over easily. • A blend of ultra high density core foams When covered, cheaper cores may look the same... but won't perform the same. • Heavy duty vinyl cover, bonded to provide greater impact distribution Helps transfer the force of a falling patient into and across the surface. • Non-Slip Vinyl base This specially formulated composite is bonded around the perimeter of the pad's core, then High Frequency Welded to the top fabric for a thin, strong seal. More than ever, the new Landing Strip stays where you need it. • Sealed Edges Wipes clean to protect appearance and performance. • Unified, Durable Construction Foldable mats can separate at the seams and encourage storage away from the bed. Should a fall occur while the mat is in storage, liability will increase. • Nite Glo™ Edging Helps patients and staff see their Landing Strip® when lights are low. 	\$222.50
